WISE SCHOLARS TERMS & CONDITIONS

Students are asked to comply with the following standards:

1. Wise Scholars is affiliated/accredited to various Christian institutions around the world. We help train our students to develop their skills and their calling to achieve God's plan in life and ministry.
2. Through our partnerships with biblical universities, ministries, institutes, and colleges, we train our students in a framework of Christian theology and God's work to lead the world to Christ.
3. Any payment of studies made on Christian courses or resources and the library, is voluntarily given as a gift to advance god's work within the vision of Wise Scholars.
4. Students study through Wise Scholars to receive their theological degrees through Wise Scholars or Bible universities under their terms and conditions.
5. Students are asked to check their satisfactions with faith and doctrine before starting their studies.
6. The courses taught are only of a Biblical character and reflect Christian life under the fear of God.
7. Wise Scholars will not be tenuously responsible for any claim contrary to its closed and doctrine of the faith.
8. Wise Scholars develops in believers a strong and deep relationship with God to make them succeed in their divine calling. We thus train our students in a context of the Christian church and to lead the world to Christ.
9. Wise Scholars subscribes to the national and international act of separation of church and state and the Charter of Rights and Freedoms of Religion.
10. Wise Scholars offers a mentoring and guardianship service for biblical scholars who wish to successfully fulfil their divine call in the ministry of the Church of our Lord Jesus Christ.

² *For International payment please contact the office for assistance:*

11. All diplomas are earned degrees with merit. This is achieved through mandatory courses that must be followed under the mentorship and tutorship of Wise Scholars.
12. All students are considered online students and are enrolled in our various affiliated Christian institutions, Bible colleges and seminaries from which all certificates, diplomas and degrees are issued as such.
13. We do not mentor our students for secular work or denominational service. We will seek to provide a solid theological foundation from which our students can fulfill their divine purpose and call.
14. We are not responsible for the rules and problems that students may have with their respective Christian universities or Bible colleges.
15. Students are not allowed to make personal doctrinal comments or notes about the work submitted. Marks will be deducted because of that.
16. If the answer cannot be found in the course, it is assumed that the student must make an additional reading in the Bible as well as other resources of the subjects. This needs to be reported. This case is an exception in our rules and will occur very rarely.
17. The exams will not be faxed or photocopied. The original sheets of online or traditional exams must be answered and submitted for correction. Essays and/or other assigned tasks must be written according to the instructors' recommendations.
18. It is a condition for students (certificate or diploma) to present and complete 10 modules, and those at Bachelor's levels to present and complete 15 modules. The period of an academic year is 10 months for certificates and diplomas, and 15 months for the bachelor's degree. The academic year has been counted since the day of registration, and for the online students this is noted on each student's account portal. That's the average of one module per month. Please keep this pace at all times.
19. Once the study period goes by without completing the studies, the student is considered to have failed his or her studies! For this reason, he (she) must resume his studies with a new registration and normal payment of studies.
20. Correspondent students should direct all their questions through their Bible Colleges and should not contact our national offices directly. For those who are online they can

communicate directly with their administrators or instructors from their online study account portals.

21. Students by mail must mention their student numbers as well as their Bible Colleges on any submitted work and preferably on each submitted page.
22. The correction is also based on the aspect of the work presentation. For those who are online, our LMS system makes the correction immediately and the results are instantaneous. Want to respect all the steps on your course in your study portal. Do not skip the units when studying your online module as each unit only gives access to the other unit after being performed.
23. Students are required to keep a copy of all their submitted work. We are not responsible for the loss of work in our offices.
24. Mail-order students should only use a blue or black pen. Assigned tasks that are completed with a red pen will be rendered null and void and not corrected.
25. We are not required to provide corrected work sheets of students as they remain at our offices where all work is moderated to ensure that adequate standards are met and maintained. We can, however, send the transcripts.
26. Our office reserves the right to check any student and make appropriate decisions. Directors must ensure financial integrity and must keep the original or certified register for each student's registration and related documentation.
27. Students who take the Certificate course must complete all questions of multiple choices, essays and assigned tasks.
28. Students taking the Diploma course must complete all essay, homework and multiple-choice questions.
29. Students who do the bachelor's degree must complete all the questions of multiple choices, their essays, projects and revisions.

30. Students who do the Master's and PhD must conduct an dissertation or thesis as well as comply with the detailed requirements for their research and defences.
31. Correspondent students on certificates and diplomas, their examinations are corrected by teachers of Bible colleges, however, for bachelors, masters and doctorates all their answers to multiple choice questions, essays, projects, thesis and dissertation as well as all other requirements must be sent to our office for correction. Incomplete work will not be accepted.
32. Before ordering the courses, make the full payment for the course requested in our bank account. Please submit your application clearly with the name of your Bible College, the code for the reference of the module you are requesting and the number of courses required per module. We also require the names of the students for whom the courses are requested.
33. Correspondent students, must use our course application form for any application for your courses (courses that are not requested with our forms will not be granted)
34. Online students must use their email on their study account or our wise Scholars email for any request made for a course.
35. Courses must be requested at least 5 working days before classes begin. Please make adequate arrangements for courses that need to be sent through post as it may take 10 days or more to reach you.
36. The payment must first be made in our bank account before receiving a course. Please send your proof of payment to our national offices.
37. Put your student number or name as a reference to your bank deposit or transfer!
38. Bible College directors can order certificates once a year for their students and organize their own snack and graduation ceremonies.
39. Students can begin their studies at any time of the year, and graduation will follow as soon as the well-attended program is completed.
40. Wise Scholars operates online and may not hold annual graduation ceremonies in all nations of the world.

41. Participation in graduation is not mandatory. Please inquire every time on the graduation ceremonies with your administrator as this can change every year.
42. In the event that there is an academic graduation in any place, the costs of the graduation, logistical and other expenses are payable and covered by the student concerned.
43. Certificates and diplomas are sent to students who have completed their program at their own expense.
44. Please note that there is a nominal cost for each certificate issued.
45. Students' exams are placed at the end of each course. Teachers can choose to allow students to take exams in their own time. Students can use their courses during the exam. However, they are not allowed to work in groups, each must submit their own work to be corrected. Any work that is identical to another student's work will be cancelled.
46. All correspondent students, their exams are corrected at our offices. All exams, tests, projects and work will be sent to our offices for this purpose. We will inform you of the results within a two-month cycle.
47. All our students or Bible Colleges are asked to make the full payment in advance. This can be done successfully if principals collect payment from their students before a course begins. It is not good to give a course to students if they have not yet paid for it. Many of our Bible Colleges have successfully made this system effective and we encourage everyone to operate on a direct payment arrangement with our national offices of WISE SCHOLARS INTERNATIONAL. Put the student's number and name as a reference to your bank deposit or transfer !
48. Students are requested to not get involved in any illegal matter with any country's laws: Any student involved into tampering with our services and content, will be without warning expelled indefinitely from Wise Scholars and face a criminal charge.
49. Our terms and conditions are amended regularly for a good improvement of the work of our Lord Jesus Christ.

Yours in Christ,

Wise Scholars International
